WELCOME MESSAGE

High Seas Marine and Industrial Services Co. Ltd (HSM) has for the last 13 years, earned the respect and admiration of the market for its excellence in safety and service delivery. This is clearly reflected by the numerous citations and recognitions from various international award-giving bodies, which have enabled us to set the benchmark across the industry for our efficient, reliable, and effective operations.

As full-fledged vessel operators of an 8-vessel-strong fleet, we take pride in our self-reliance on every aspect of our core activities. Thus, with our strong in-house capabilities, we have been able to tackle problems quickly and remain resilient across three recent varying cycles of the global economy: the boom, the crisis, and the slow recovery.

Additionally, through our unwavering commitment to quality and safety, we have earned the full trust and confidence of oil majors from around the region and have established strong partnerships with them.

In evolving with the change and challenges of a new era that has spurred the birth of more environment-friendly and fuel-efficient ships, we are likewise relentless in our pursuit for cleaner, safer, and more fuel-efficient technologies. As a company dedicated and open to positive change from great innovations brought about by revolutionary breakthroughs in research and development, such pursuit is further complemented by our strong emphasis on continuous training of personnel and retention of the finest crew.

Moving forward, we ensure the consistent delivery of product and service excellence through the hard work and dedication of every member of the HSM family. Our strict adherence to policies and procedures of the highest standards of quality, reliability, and environmental safety – both on-shore and afloat – serves as a guarantee of our total commitment and dedication to delivering on our promise to customers and the market.

I, therefore, wish to extend my heartfelt thanks to the entire HSM team, our worldwide customers, and our esteemed shareholders for standing with us throughout the calm and rough seas of recent times.

Vladimir Poddubnyy

Managing Director

High Seas Marine and Industrial Services Co. Ltd

Our Mission

To provide the highest level of services to our customers, in order to build a trustworthy and long-lasting relationship and ensure a high standard of ships' operation for the purpose of promoting the safety of life, property, and the environment, and to promote the KSA nationals' education in marine industry and safety.

Our Vision

Is to become a preferable choice for clients within the fields of our activities.

MARINE AGENCY

Providing safe and efficient transfer of professional, spare parts, consumables and other requirement to vessels at anchorages. Operating with our own fleet of offshore service boats at Ras Tanura Port.

Customs and Documentation

Agencies manage all the necessary paperwork for customs clearance, including bills of lading, cargo manifests, and import/export permits. They ensure that all documentation complies with local regulations and international standards.

Cargo Handling

They oversee the efficient and safe loading and unloading of cargo, coordinating with stevedores, crane operators, and other personnel.

Emergency Response

In case of incidents such as accidents or cargo damage, agencies are involved in managing the response, coordinating with insurance companies, and handling any legal or regulatory issue

Crew Services

Agencies support the crew by arranging transportation, medical care, accommodation, and other services as needed.

Port Operations Management

Coordinate the arrival, departure, and handling of ships at ports. This includes arranging for pilotage, tug services, and dock space.

Liner Services

We provide end-to-end import/export freight solutions, including documentation management, container tracking, and monitoring. Our services cover manifest and BL issuance, console cargo documentation, container inspection, cleaning, repair, Mafi discharging /loading, and specialized pre-cooling /monitoring of reefer containers.

Ensuring seamless and efficient logistical operations, from cargo handling to transportation, tailored to meet your unique needs. Our comprehensive support services are designed to optimize your supply chain, minimize delays, and enhance overall operational efficiency.
